## series sculpture(Blue)

Balloon Dog

In the balloon animal form, the dog has deep connections with our individual memories of childhood fun and play – an experience that manages to be both collective and at once deeply personal. Most often handed out at parties or funfairs, balloon animals are a disposable symbol of our materialistic youth and our fascination with temporary sculptures and symbols.

Balloon Dog, mirror-polished stainless steel with transparent color coating.

121 x 143 x 45 inches, 307.3 x 363.2 x 114.3 cm © Jeff Koons. 5 unique versions (Blue, Magenta, Yellow, Orange, Red).
